## **Ward Vision**

We will Invite Individuals and Families to Come Unto Christ and Make and Keep Sacred Covenants

The Ward's Temple and Family History mission will be to encourage members to become endowed and attend the Temple to accomplish work for their family. Return often to accomplish Temple ordinances for their ancestors as well as others who need work fulfilled.

We will to involve all youth 10 and above in family history work. Invite and encourage 11-year-olds and new converts to obtain limited-use recommends to attend the temple.

Assist all members to gather and record at least four generations of their family tree and share on FamilySearch.org.
